Site Features and Constraints

Are there any features of the site or limitations that may constrain development on this site (please give details)?

7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

No. A new vehicular access would need to be provided. There are no Public Rights of Way that cross or adjoin the site.

7b. Topography: Are there any slopes or significant changes of in levels that could affect the development of the site?

None.

7c. Ground Conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?

Yes, site conditions are stable.

There are no land contamination issues. From our knowledge of the site we can confirm:-

- i) There are no above or below ground fuel storage tanks
- ii) No high-voltage overhead lines
- iii) No die back vegetation
- iv) No warning signs on site
- v) v) No buildings that may contain asbestos
- vi) vi) No uses that we are aware of outside of conventional agriculture
- vii) There is a realistic expectation that the site is uncontaminated but will be confirmed at the planning stage by a Stage 1 contamination survey.

7d. Flood Risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

The site is not liable for flooding and has no historical flooding issues.

7e. Legal Issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?

No third party ownership or access rights to the site. No covenants are on the land. The site is under a 3 generation tenancy although this permits the release and sale of land including the proposed site.

7f. Environmental Issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?

No.

7g. Heritage Issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?

No.

7h. Neighbouring Uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

Residential use to the north, east and south. Agricultural land to the west. No implications would arise.

7i. Existing uses and Buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.

No.

7j. Other: (please specify):

None.

Utilities

8a. Which of the following are likely to be readily available to service the site and enable its development? Please provide details where possible.

Mains water supply	Yes
Mains sewerage	Yes
Electricity supply	Yes
Gas supply	Unsure
Public highway	Yes
Broadband internet	Yes
Other (please specify):	NULL

8b. Please provide any further information on the utilities available on the site:

all mains services run along High Road.

Availability

9a. Please indicate when the site could be made available for the land use or development proposed.

Immediately

9b. Please give reasons for the answer given above.

The land is owned solely by Mr and Mrs Riches and is available immediately.

Market Interest

10. Please indicate what level of market interest there is/has been in the site. Please include relevant dates in the comments section.

Not known

Comments

The site has not been actively marketed to date.

Delivery

11a. Please indicate when you anticipate the proposed development could be begun.

Immediately

11b. Once started, how many years do you think it would take to complete the proposed development (if known)?

1 year.

Viability

12a. You acknowledge that there are likely to be policy requirements and Community Infrastructure Levy (CIL) costs to be met which will be in addition to the other development costs of the site (depending on the type and scale of land use proposed). These requirements are likely to include but are not limited to: Affordable Housing; Sports Pitches & Children's Play Space and Community Infrastructure Levy

Yes

12b. Do you know if there are there any abnormal costs that could affect the viability of the site e.g. infrastructure, demolition or ground conditions?

No

12c. If there are abnormal costs associated with the site please provide details:

NULL

12d. Do you consider that the site is currently viable for its proposed use taking into account any and all current planning policy and CIL considerations and other abnormal development costs associated with the site?

Yes

12e. Please attach any viability assessment or development appraisal you have undertaken for the site, or any other evidence you consider helps demonstrate the viability of the site.

The applicant has considered the viability of a development of six houses/bungalows to incorporate one social housing unit and found that there is an acceptable positive site value at a 20% developers return. If further units were to be constructed on the site then this would make the development more rather than less viable.
