The site is currently unused and vacant, so overgrown with some trees bordering perimeter.

The land was used for grazing before we purchased it and since then has been unused.

**Proposed Future Uses**

**5a. Please provide a short description of the development or land use you proposed** (if you are proposing a site to be designated as local green space please go directly to question 6)

We would like to propose that the pocket of land be included inside the development boundary enabling us to apply for outline planning for five to six houses/affordable homes.

Affordable Housing	Yes
Residential Care Home	No

**5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.**

There is enough road frontage to allow a turn off road with the houses to be built next to this road. The land is bordered by hedgerow and a few trees which would make an attractive setting for the houses. There are cottages on the opposite side of the road.

**5d. Please describe any benefits to the Local Area that the development of the site could provide.**

A lot of young people who have grown up in towns like Wymondham and local villages, even in Norwich are looking for their first home. Most countryside dwellings are very expensive and bought by people who like to retire in our area or even to commute to London to work. It would be nice if there were affordable houses for local people to have a chance to buy.
