2. Site Details	
Site location / address and post code (please include as an attachment to this response form a location plan of the site on an scaled OS base with the boundaries of the site clearly shown)	Land adjacent to former workhouse/ hospital Green Lane NULL Wicklewood Norfolk
Grid reference (if known)	TG078018

Site area (hectares)	0.5
Site parish	Wicklewood
Site district	South Norfolk

Site Ownership	
3a. I (or my client)...	
Is the sole owner of the site	
3b. Please provide the name, address and contact details of the site's landowner(s) and attach copies of all relevant title plans and deeds (if available).	
3c. If the site is in multiple landownerships do all landowners support your proposal for the site?	NULL
3d. If you answered no to the above question please provide details of why not all of the sites owners support your proposals for the site.	

Current and Historic Land Uses
4a. Current Land Use (Please describe the site's current land use e.g. agriculture, employment, unused/vacant etc.)

No particular land use. It is currently wooded and overgrown

4b. Has the site been previously developed?

Yes

4c. Describe any previous uses of the site. (please provide details of any relevant historic planning applications, including application numbers if known)

On part of the site is a brick structure in a state of considerable disrepair. The rest of the site has not been previously developed. The site or part of it might have been the garden for the old hospital or workhouse. It is likely that part of the site is a burial ground related to the old workhouse.

Proposed Future Uses

5a. Please provide a short description of the development or land use you proposed (if you are proposing a site to be designated as local green space please go directly to question 6)

Residential

5b. Which of the following use or uses are you proposing?

Market Housing	Yes
Affordable Housing	Yes
Residential Care Home	No
Gypsy and Traveller Pitches	No
Business and offices	No
General industrial	No
Storage and distribution	No
Tourism	No
Recreation & Leisure	No
Community Use	No
Public Open Space	No
Other (Please Specify)	NULL

5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.

Given the constraints of the site which will need further investigation and consideration (such as any TPOs) it is likely that around five affordable homes/ starter homes would be possible, with potentially two market dwellings to help cross-subsidise.

5d. Please describe any benefits to the Local Area that the development of the site could provide.

There has been an issue with the delivery of affordable housing. The site would provide for much needed new affordable housing for people who want to live in the local area. The site would be well screened and so will have no significant impact on the landscape. Being a small-scale development it will be ideal for small builders rather than larger developers. Small builders, along with the associated architects and other professionals, are more likely to be local to the area. The development will therefore provide some local opportunities for economic activity and employment. It will not result in the loss of agricultural land or land of any particular ecological value. Any loss of trees could be mitigated by new plantings as part of a landscaping scheme. The development of the site would provide an opportunity to investigate the suspected burial site. The site enjoys reasonable access to the local services in Wicklewood, which are very close by. Future occupiers would therefore contribute to the vitality of Wicklewood and the viability of its local services.

Local Green Space

If you are proposing a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

6a. Are you proposing a site to be designated as a Local Green Space?

No

6b. Which community would the site serve and how would the designation of the site benefit that community.

NULL

6c. Please describe why you consider the site to be of particular local significance e.g. recreational value, tranquillity or richness in wildlife.

NULL

Site Features and Constraints

Are there any features of the site or limitations that may constrain development on this site (please give details)?

7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

Access can be gained on foot from Green Lane as well as from the old hospital site. Access would need to be improved to ensure vehicular access.

There are no public rights of way on site or adjoining.

7b. Topography: Are there any slopes or significant changes of in levels that could affect the development of the site?

The site is quite level but there are a large number of trees, some of which are likely to have TPOs. Whilst this would constrain what is possible on the site and limit the number of dwellings that could be built, it also presents an opportunity to create something special.

7c. Ground Conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?

The ground conditions are stable and there are no known contamination issues.

7d. Flood Risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

The site is in flood risk zone 1 and so has the lowest risk of flooding. there are no known historical flood events.

7e. Legal Issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?

None of the above

7f. Environmental Issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?

The old hospital is a grade II listed building. The site is close to the listed building but good natural screening, making use of existing features augmented where necessary, will be possible

7g. Heritage Issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?

The old hospital is a grade II listed building. The site is close to the listed building but good natural screening, making use of existing features augmented where necessary, will be possible

7h. Neighbouring Uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

residential and agricultural. No particular implications

7i. Existing uses and Buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.

No

7j. Other: (please specify):

No additional constraints

Utilities

8a. Which of the following are likely to be readily available to service the site and enable its development? Please provide details where possible.

Mains water supply	Yes
Mains sewerage	Unsure
Electricity supply	Yes
Gas supply	Unsure
Public highway	Yes
Broadband internet	Unsure
Other (please specify):	NULL

8b. Please provide any further information on the utilities available on the site:

There are a number of residential dwellings in close proximity and so a number of utilities will be available

Availability

9a. Please indicate when the site could be made available for the land use or development proposed.

1 to 5 years (by April 2021)

9b. Please give reasons for the answer given above.

The landowner is a developer and is keen deliver a residential development

Market Interest

10. Please indicate what level of market interest there is/has been in the site. Please include relevant dates in the comments section.

Site is owned by a
developer/promoter

Comments

The site was purchased by the developer within the last couple of years with a view to potential development

Delivery

11a. Please indicate when you anticipate the proposed development could be begun.

1 to 5 years (by April 2021)

11b. Once started, how many years do you think it would take to complete the proposed development (if known)?

2 years

Viability

12a. You acknowledge that there are likely to be policy requirements and Community Infrastructure Levy (CIL) costs to be met which will be in addition to the other development costs of the site (depending on the type and scale of land use proposed). These requirements are likely to include but are not limited to: Affordable Housing; Sports Pitches & Children's Play Space and Community Infrastructure Levy

Yes

12b. Do you know if there are there any abnormal costs that could affect the viability of the site e.g. infrastructure, demolition or ground conditions?

No

12c. If there are abnormal costs associated with the site please provide details:

NULL

12d. Do you consider that the site is currently viable for its proposed use taking into account any and all current planning policy and CIL considerations and other abnormal development costs associated with the site?

Yes

12e. Please attach any viability assessment or development appraisal you have undertaken for the site, or any other evidence you consider helps demonstrate the viability of the site.

The site has been purchased by a developer
