None

**Proposed Future Uses**

**5a. Please provide a short description of the development or land use you proposed** (if you are proposing a site to be designated as local green space please go directly to question 6)

This is an edge of village site so not suitable for urban density, The setting is a tranquil rural one and perfect for nature lovers who would like to tread lightly on the planet by living in a modern eco home.

**5b. Which of the following use or uses are you proposing?**

Market Housing	<input checked="" type="checkbox"/>	Business & offices	<input type="checkbox"/>	Recreation & Leisure	<input type="checkbox"/>
Affordable Housing	<input type="checkbox"/>	General industrial	<input type="checkbox"/>	Community Use	<input type="checkbox"/>
Residential Care Home	<input type="checkbox"/>	Storage & distribution	<input type="checkbox"/>	Public Open Space	<input type="checkbox"/>
Gypsy & Traveller Pitches	<input type="checkbox"/>	Tourism	<input type="checkbox"/>	Other (Please Specify)	

**5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.**

I would like a small special development of possibly 5 self sustainable eco houses comprising 3-4 bedrooms, using the best new materials and ultra-efficient insulation and sensitively designed to sit within the natural landscape of the meadow.  
The site is totally screened by mature hedgerow and the entrance is set back from the public road, so it would not be visible at all from the surrounding area.

**5d. Please describe any benefits to the Local Area that the development of the site could provide.**

I would like the development to be a chance for South Norfolk to showcase sustainable living and how housing can compliment beautiful surroundings. In the smaller adjoining field I would like a communal allotment and medicinal garden where a garden structure could offer a community centre for workshops, including learning about sustainable living in harmony with the land and growing food and herbs.

**Local Green Space**

If you are proposed a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

**6a. Which community would the site serve and how would the designation of the site benefit that community.**

N/A

**Site Features and Constraints**

Are there any features of the site or limitations that may constrain development on this site (please give details)?

**7a. Site Access:** Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

There is a current access road but it would need to be widened. I would purchase another strip of land from the farmer from whom I purchased the land originally for the road.

**7b. Topography:** Are there any slopes or significant changes of in levels that could affect the development of the site?

No

**7c. Ground Conditions:** Are ground conditions on the site stable? Are there potential ground contamination issues?

Yes

**7d. Flood Risk:** Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

No

**7e. Legal Issues:** Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?

No, except the extra access land would need to be purchased from the farmer owner.

**7f. Environmental Issues:** Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?

There is a band of native broadleaf trees I planted 20 years ago along 2 borders which would be retained.

**7g. Heritage Issues:** Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?

The cottage on the road adjoining the entrance to the private road leading is Grade 2 listed.

**7h. Neighbouring Uses:** What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

There are agricultural field on one side and residential housing seperated by mature hedgerow/trees on the other 3 sides.

**7i. Existing uses and Buildings:** are there any existing buildings or uses that need to be relocated before the site can be developed.

No

**7j. Other:** (please specify):
