5c. Please provide further details of your proposal, including details on number of houses and proposed floorspace of commercial buildings etc.

Residential development for approximately 12 dwellings, to reflect local character (including semi-detached properties). Tenure to include market housing and potentially 'buy to rent' affordable housing properties, subject to NPPF affordable housing definitions, viability and market conditions. Development/tenure aimed at those wanting to get a start on the housing ladder.

5d. Please describe any benefits to the Local Area that the development of the site could provide.

The site's benefits include:

Much needed homes in a sustainable location, potentially with a range of tenures aimed at those requiring starter homes/first step on the housing ladder.

A contribution towards installation of a footpath along Mill Lane to link with o the footpath on the main road (Brooke Road), subject to viability, feasibility and availability of sufficient public adopted highway (subject to survey).

Other benefits include: CIL Contributions; and potentially an extension of the 30 mph speed limit, if deemed necessary.

Local Green Space

If you are proposed a site to be designated as Local Green Space please complete the following questions. These questions do not need to be completed if you are not proposing a site as Local Green Space. Please consult the guidance notes for an explanation of Local Green Space Designations.

6a. Which community would the site serve and how would the designation of the site benefit that community.

N/A

6b. Please describe why you consider the site to be of particular local significance e.g. recreational value, tranquillity or richness in wildlife.

Site Features and Constraints

Are there any features of the site or limitations that may constrain development on this site (please give details)?

7a. Site Access: Is there a current means of access to the site from the public highway, does this access need to be improved before development can take place and are there any public rights of way that cross or adjoin the site?

Site access is direct onto Mill Lane (adopted highway). A right of way exists to enable access to the sewage works. This could be incorporated into the design.

7b. Topography: Are there any slopes or significant changes of in levels that could affect the development of the site?

Site is reasonably flat with no significant change in levels.

7c. Ground Conditions: Are ground conditions on the site stable? Are there potential ground contamination issues?

Ground conditions are anticipated to be stable, with no known contamination issues.

7d. Flood Risk: Is the site liable to river, ground water or surface water flooding and if so what is the nature, source and frequency of the flooding?

Site is in Flood Risk Zone 1 with no known flood issues.

7e. Legal Issues: Is there land in third party ownership, or access rights, which must be acquired to develop the site, do any restrictive covenants exist, are there any existing tenancies?

The site does not have any tenancies or restrictive covenants.

7f. Environmental Issues: Is the site located next to a watercourse or mature woodland, are there any significant trees or hedgerows crossing or bordering the site are there any known features of ecological or geological importance on or adjacent to the site?

The site does not have any environmental issues.

7g. Heritage Issues: Are there any listed buildings, Conservation Areas, Historic Parklands or Schedules Monuments on the site or nearby? If so, how might the site's development affect them?

St Peter's Church, Mundham is partly visible from a small part of the site (southern part). However, the church is screened from the majority of the site by topography and trees/planting on land in between.

7h. Neighbouring Uses: What are the neighbouring uses and will either the proposed use or neighbouring uses have any implications?

The neighbouring uses are: residential properties to the south; agricultural land to the east and west; and a small package Treatment Plant to the North.

7i. Existing uses and Buildings: are there any existing buildings or uses that need to be relocated before the site can be developed.

There are no existing uses/buildings requiring relocation.
